**Re: Update regarding the Control Permit Threshold**

Ramat Gan, Israel – **February 4, 2019** – Internet Gold – Golden Lines Ltd. (the “**Company**”) (NASDAQ Global Select Market and TASE: IGLD).

The Company reports that pursuant to its request, it received approval from the Israeli Ministry of Communications to change the definition of an “Israeli Party,” as defined in the Ministry’s Telecommunications Order (Telecommunications and Broadcasts) (Determination of Essential Service Provided by Bezeq The Israel Telecommunication Corp. Ltd.), 1997 (the “**Communications Order.**”)

The Ministry (or the Minister of Communications and Minister of Defense) has previously determined that the Company and its subsidiary, B Communications Ltd. (“**B Communications**”) are deemed to be “Israeli Parties,” so long as the Company and B Communications are controlled by a citizen and resident of Israel and that the ownership interest of the controlling shareholders in our Company and B Communications does not fall below 50% at any time.

The new definition requires that the holdings of the controlling shareholders of the Company do not fall below 35% of the Company’s equity. At this time, the holdings of the Company in B Communications still must not fall below 50% as before (although there is a pending request by B Communications for a similar reduction to a 35% level).

The Ministry’s approval is subject to the Company amending its Articles of Association within 75 days to the effect that a “Joint Appointment” as defined in the Communications Order will be prohibited (unless preapproved by the Ministry.)
